**LICENSING & MEDICAL EDUCATION COMMITTEE**

Dr. Longobardi, *Chair* Dr. Mansdorf, *Vice*

**Overview.....M**

Licensing is running efficiently and is up to date on all statistics, new licenses and renewals. With the BreEZe project in full effect much time and effort has gone into insuring the new system will be a huge asset to staff as well as licensees. The 2012 CME/CC audit is coming along nicely and will be completed within the designated time frame.

**BreEZe update:**

In the past several months the BreEze project has made big advancements but is still under construction. Due to the extensiveness of the project the planned Release 1 go-live date that was currently scheduled for October 15, 2012 has been postponed with no new expected go-live date. Current testing of the system is being run and will go through the end of 2012.

**APMLE Part III Exam:**

The next part III exam is scheduled for December 5, 2012. Examinees needed to register by October 24, 2012.

Registration and credit card payment is now available via the NBPME website.

**Continuing Competence and CME Audit:**

Staff is currently in the process of completing the Continuing Competence and Continuing Medical Education Audit of 2012. The randomly selected 20 licensees (one percent) have a scheduled renewal date of November 30, 2012.

## ENFORCEMENT COMMITTEE

### a. Overview.....O

The Enforcement Program is running smoothly. Data reports show no significant statistical changes and are exhibited in Tab P.

### b. Data Reports.....P

- **Complaint and Disciplinary Data Report** – This report shows complaint and disciplinary data from FY 00/01 through FY 11/12.
- **Continuing Competence Report** – This report gives a year to year comparison of complaint volume. Although last FY's numbers are higher than the record low complaints of 10/11, complaint volume is still significantly lower since Continuing Competence was implemented.
- **BPM and MBC Matrix Reports** – These reports show case aging data for BPM and MBC (aged cases are usually a reflection of more complex cases that require additional investigative work.)
- **Monthly Enforcement Report to DCA** - September 2012 Enforcement data is the latest available at the time of preparing this report. 14 complaints and 2 arrest reports were received in September. 23 cases were assigned for desk or field investigation and 17 investigations were closed with 54 investigations pending resolution. 1 new case was initiated with the AG and 1 Final Order for discipline was issued.
- **Enforcement Performance Measures Report** – The latest data is for the 4<sup>th</sup> quarter of FY 11/12 and shows the volume, intake, investigation and discipline data for the quarter.
- **Probation Report** – This report shows all active and tolled probationers as of October 2012, who is monitoring them, and the expected probation completion dates.

### c. Approval of new Podiatric Medical Consultant.....Q

Dr. Jenkin meets our Consultant Qualifications and comes highly recommended by his prior business partner and retired BPM consultant Dr. Gerbert. The Curriculum Vitae of Dr. Jenkin and BPM's Minimum Requirements for Consultants are exhibited in Tab Q.

### Calling All Consultants

BPM is holding Podiatric Medical Consultant Training in conjunction with the annual Western Foot and Ankle Conference held at the Disneyland Hotel and Convention Center in Anaheim, California. The training date is June 8, 2012 from 8:30 to noon. At this training, representatives from BPM, Medical Board Investigations and The Attorney General's Office will discuss the vertical prosecution process and the consultant's role in that process. All consultants are encouraged to attend if at all possible, but especially those who are new or have not attended training in the past.

If you are not a BPM consultant and are interested in becoming one please email Bethany DeAngelis (<mailto:Bethany.deangelis@dca.ca.gov?Subject=Consultants>) or call 916.263.4324.

## Licensing

Effective March 2012, FBI fees for fingerprinting have changed from \$19 to \$17.

Please remember that it is extremely important that you inform us if you change your address. Click here (<http://www.bpm.ca.gov/licensing/addchg.pdf>) to download a Change of Address Notification form. Please remember to renew early to avoid delays in processing your renewal.

## How to Change from Active to Inactive Status

A Doctor of Podiatric Medicine requesting inactive status need not

comply with Continuing Competence/CME requirements. Inactive and active licenses are renewed at the same time and the renewal fee is the same. However, inactive licenses may not engage in the practice of podiatric medicine at any time during the inactive status. Download the Inactive status license renewal application. (<http://www.bpm.ca.gov/licensing/inactive.pdf>)

Please note: To restore an inactive license to active status, the doctor of podiatric medicine must complete the required Continuing Competence/CME for a single renewal period.

## Administration

The brochure *Doctors of Podiatric Medicine: You and Your DPM* is now available in Spanish. Contact BPM ([http://www.bpm.ca.gov/contact\\_us/index.shtml](http://www.bpm.ca.gov/contact_us/index.shtml)) to request a copy.

## CALIFORNIA PODIATRIC MEDICAL ASSOCIATION

### Keeping Californians on Their Feet

---

## We Are

The California Podiatric Medical Association (CPMA) was founded in 1912 by a small group of dedicated doctors of podiatric medicine to advocate on behalf for their patients and for high standards for their profession. These visionary doctors dedicated their new organization "to preserve the rights of the patients it serves and to seek continuous improvement in the quality of patient treatment and care." Since its founding CPMA has served as a symbol of excellence in the specialty of podiatric medicine.

Located in California's capital city of Sacramento, CPMA is as non-profit association dedicated to promoting public health and serving its member doctors through a comprehensive program of educational, economic, public policy, legislative, legal, and regulatory advocacy. CPMA promotes the health of the public, the profession and the individuals its serves.

CPMA also serves as a valuable resource for consumer information on podiatric medicine, the importance of good foot health and the availability of quality podiatric medical care. [Learn about Podiatric Medicine](#)

### Mission Statement

*"It is the mission of the California Podiatric Medical Association to promote, advance and protect the specialty of podiatric medicine, to preserve the rights of the patients it serves and to seek continuous improvement in the quality of patient treatment and care."*

***The California Podiatric Medical Association is dedicated to keeping Californians on their feet, healthy, active, and productive!***
