V. Presentation and Possible Action from CPMA Ryan Spencer regarding AB 2194, Patterson, Physician assistants: supervision doctors of podiatric medicine. This bill intends to allow for DPMs to directly supervise physician assistants. This bill has received resistance, and the bill is being amended to allow physician assistants to be supervised by DPMs through the agreement between the DPM and the supervising MD or DO. Board discussion included the fact that this would not help DPMs in private practice. Another concern centers around liability of the MD or DO for the work of the DPM. Stakeholders are trying to work out these

issues. CPMA is sponsoring this bill, and they are attempting to address those with concerns that are opposed to this bill. Board Member Lee made a motion, and Board Member Elliot seconded to support this bill in its current form. Douglas Taylor supported the motion. No other members of the public attending in Sacramento, Riverside, and virtual provided any additional comments. The motion passed 5-0-1.

The Board received information from Bethany DeAngelis, Enforcement Coordinator, regarding enforcement data for the third quarter of FY 23-24. Additionally, all announcements and timely newsworthy updates are regularly made to the website and social media accounts. There was a public member comment as to the online listing of a ranking of podiatry schools and the issue of recruitment to California podiatry schools. There was a discussion as to looking into this further as it is likely a linked account and not information sourced by PMBC. No other members of the public attending in Sacramento, Riverside, and virtual provided any additional comments.
